Street Youth (1997)	20%	16%	51%	3%	5%	6%
Urban Encampments (1993)	58%	34%	7%	2%		
Pasadena (1992)	34%	17%	41%			9%
Pasadena (1992)	41%	14%	37%	1%	4%	3%
Downtown Strategic Plan (1992)	40-70%	22-25%	23-28%			
Gallup Survey (1992)	70%	20%	8%		6%	6%

- African Americans are greatly over-represented within the LA county homeless population (page 3).
- 61% of the homeless in SPA 6 are African-American (page 10).
- A survey conducted by the Los Angeles County Health Survey showed that African-American, particularly single men, are more likely to be chronically or repeatedly homeless than other ethnic groups (page 14).
- 39% of homeless military veterans in LA County are African-American (page 15).
- There is a higher incidence of AIDS/HIV in the homeless population than in the general population (page 17).
